**North Carolina Author Releases Her Second  
Children's Picture Book About Ways Children Can Be  
Good Samaritans**

*The author has offered readers several situations illustrating how any child can be a Good Samaritan to someone on any day. They show a variety of opportunities. She's given examples of children saying the right thing and doing the right thing. She has also reminded readers that it's important to be a helper, a hero, or a Good Samaritan to all kinds of people.*

GREENSBORO, NC—November 22, 2017—The author has chosen to describe unique scenarios in which children come to the assistance of others. She's written about all kinds of everyday instances, from a child who's being bullied to one who is sick to someone needing a helping hand to carry packages.

In each situation, the author has portrayed how a child can show empathy, help the other person, and carefully listen to the person. She's also encouraged children to enlist the assistance of a helpful adult if they don't feel comfortable helping the child in need.

The author assured readers that it is not only an adult who can be a hero, a helper, or a Good Samaritan. A child can take on that role as well. The importance of kindness and compassion appears on every page of this charming book.

Both the text and the artwork portray all kinds of different children helping others and caring about others. Jennifer Tipton Cappoen has depicted children of all races and backgrounds showing understanding.

*The Next Good Samaritan* is a thought-provoking, educational picture book for children and readers of all ages. The colorful, lighthearted artwork shows readers all-too-typical situations in which children find themselves every day.

The author concluded this tale by reminding readers that any day may be the day when each of us needs a helping hand or a listening ear.
