Westie Tails

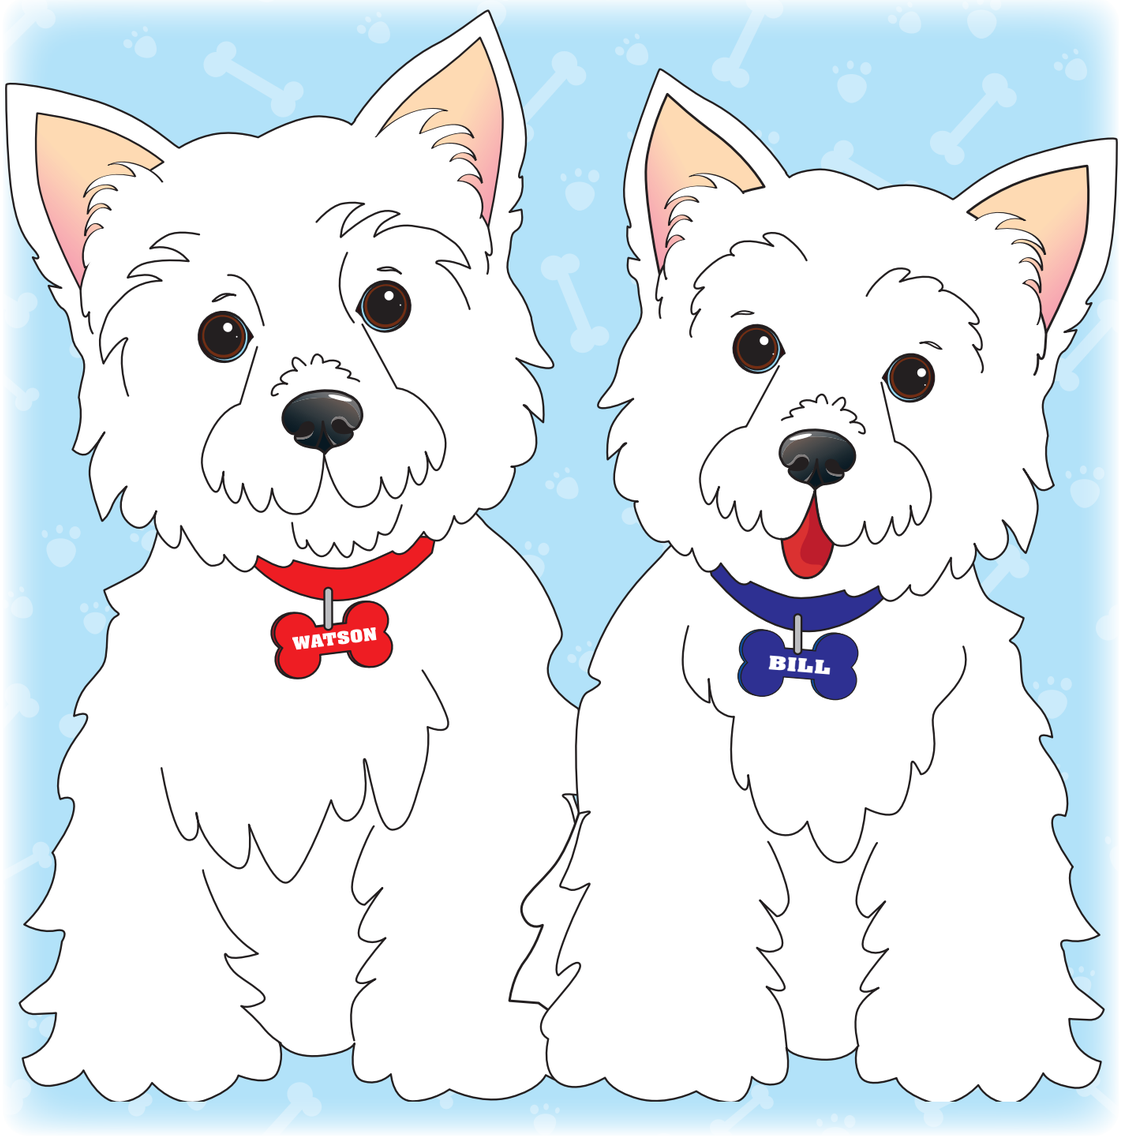
PC KIDS

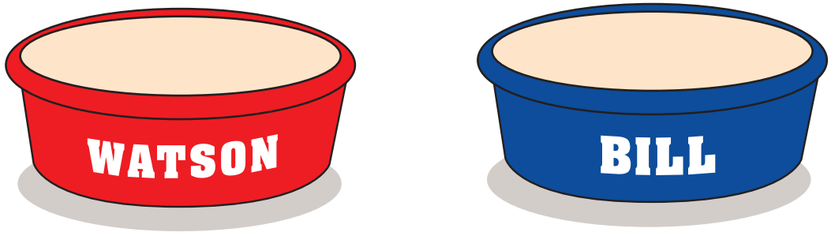
Meet two little Westies
Who live in the Ville.
One is named Watson.
The other's named Bill.

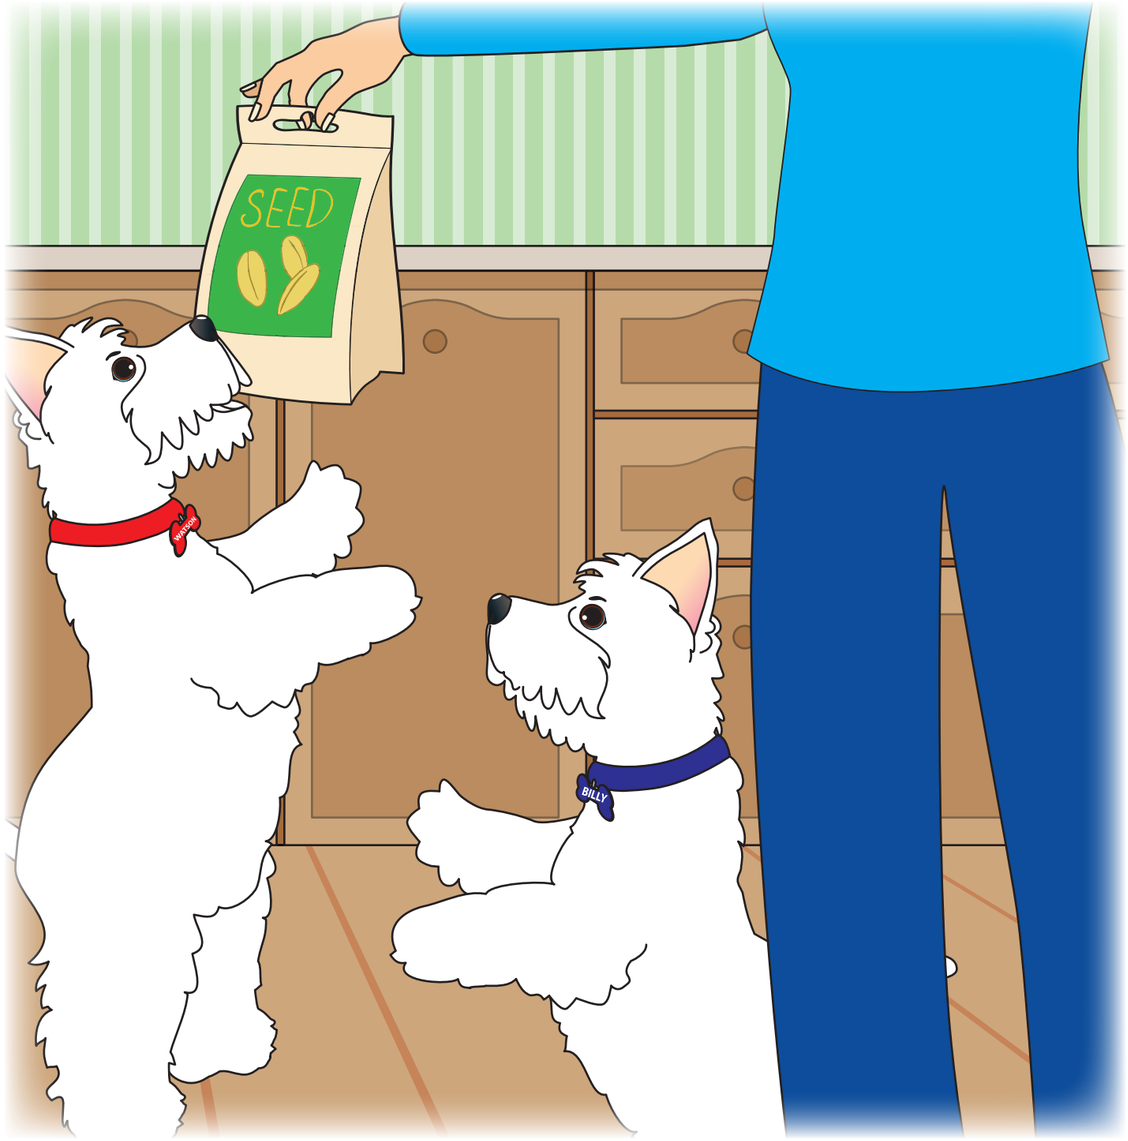
Their newest adventure
Gave Ms. Human a scare,
So she'll tell you the story.
Read on if you dare.



Watson and Billy
Watched Ms. Human
Reach for a bag of seed.
Watson looked at Billy,
Thinking, *"That's not our feed."*

Ms. Human, their person and
A nice lady of course,
Loved her two little Westies
And spoiled them by choice.





She took the seed
And headed outside
With her two fluffy guys
Keeping up with her stride.

"It's the little birds' turn
To be given their food,"
Ms. Human said to Billy
As though he understood every word.
